DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

In claim 37, in the second line of the claim, replace "I" with --is--, to remain consistent with the claim previously presented.

Allowable Subject Matter

2. Claims 31-43, 45-58, 60-71, 73-78, 80-96, 100, 105, 109, 111, 112, and 114 allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 31, 50, 58, and 114 comprise a hydrophobic support that comprises a matrix of fibers. The prior art discloses the use of porous supports, which usually have an affinity to absorb water. Porous would be in stark contrast to a hydrophobic solid support, which would not absorb water.

Claims 78 and 111 are allowed due to the diffusion limiting membrane having pores traversing the membrane in a direction substantially at right angles to the plane of the membrane with a specific diameter, in combination with all other limitations of the independent claims.

Claims 100, 109, and 112 are allowed due to the various materials, which can be selected for the molecular charge selective material of the diffusion membrane in combination with all other limitations of the independent claim.

Claim 105 is allowed due to the various materials, which can be selected for the coating or impregnating of the receiving phase, in combination with all other limitations of the independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney T. Frank whose telephone number is (571) 272-2193. The examiner can normally be reached on M-F 9-5:30 p.m. EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron E. Williams can be reached on (571) 272-2208. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
